“ My condolences go to the family as a little girl I will come in the barber shop with my dad and sweep the hair off the floor for \$2 and a soda and now I am a licensed cosmetologist almost 20 some odd years later you will greatly be missed and loved by our whole family

“ Fonso had the best smiles and gave the best hugs. His creativity and willingness to serve others is something that I can only hope to possess one day.  
I'll definitely miss going by the barbershop if I was upset and having Fonz tell me, "Charlene you just gotta let people be where they're at." He always had a way of simplifying my 'problems' and getting me to see things in a different light. I sure hope Mr. Willie, Byron and Dre are up for me just stopping by from time to time to just chill!

*Every year I would bring hermit cookies to our holiday celebration and Alfonso liked them so much that I would bring a separate package just for him. This year we will be away on Saturday and when I told him, he said "I won't get my cookies." I said you will too! I had the ingredients out on the counter when I heard the news. I just put everything away. He was a special soul, a warm, loving, sweet, artistic, creative, kind, wonderful man, and his passing will leave a hole in many a heart.*
